

### Advance Loss of Profit

The Company shall indemnify the Insured - named as Principal in the Schedule to this Policy - in respect of the loss of gross profit actually sustained due to the reduction in turnover and the increased cost of working as defined in this Policy, if at any time during the period of insurance stated in the Schedule any or all the insured items suffer loss or damage covered under the underlying EAR/CAR material damage Policy number mentioned on the schedule, unless specifically excluded in this Section, thereby causing an interference in the erection work and/or testing schedule resulting in a delay of commencement of and/or interference with the insured business, hereinafter referred to as "the delay". The amount payable as indemnity hereunder shall be:

- In respect of loss of gross profit: the sum obtained by applying the rate of gross profit to the amount by which the actual turnover during the indemnity period falls short of the turnover which would have been achieved had the delay not occurred;
- In respect of increased cost of working: the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the reduction in turnover which, without such expenditure, would have taken place during the indemnity period, but not exceeding the sum obtained by applying the rate of gross profit to the amount of the reduction in turnover thereby avoided.

If the annual sum insured hereunder is less than the sum obtained by applying the rate of gross profit to the annual turnover, the amount payable shall be reduced proportionately.
